

SPONSORSHIP PROPOSAL

2025 - 2026

IEEE EMBS
UNIVERSITY OF FLORIDA
CHAPTER

OUR VISION

To be a leading force at the University of Florida in bridging medicine and technology, inspiring a new generation of innovators who advance human health through cutting-edge research, interdisciplinary collaboration, and ethical application of emerging technologies.

OUR MISSION

Our mission is to empower students with the knowledge, skills, and professional connections needed to excel in biotechnology, biomedical engineering, and AI-driven healthcare. We achieve this by:

- Hosting hands-on workshops in medical technology, software development, and electrical engineering skills.
- Leading interdisciplinary projects that solve real-world healthcare challenges.
- Connecting students with industry professionals and research opportunities.
- Fostering an inclusive, collaborative community where diverse backgrounds and expertise come together to innovate for a healthier future.

FROM THE E-BOARD

We founded IEEE EMBS at UF to bring together students passionate about merging technology and medicine to create real-world impact. In just our first year, we will launch hands-on workshops, interdisciplinary projects, and industry connections that prepare students to innovate in healthcare and biotechnology. Your support will help us grow these opportunities, inspire more students, and turn bold ideas into breakthroughs. We're excited to have you join us on this journey.

– The EMBS Executive Board

EVENT HIGHLIGHTS

GENERAL BODY MEETING

Open to all members, these meetings focus on planning upcoming projects, workshops, and professional development while giving everyone a chance to connect.

REACH GOAL: \$500

TECHNICAL PROJECTS

Members gain hands-on experience through creative, collaborative projects like an EEG Head/Wrist Band, a VR-controlled Bionic Hand, and a Smart Pill Dispenser—building skills for future careers in engineering and technology.

REACH GOAL: \$1,280

WORKSHOP & SERVICE EVENTS

Our workshops combine learning with doing. Members build devices such as Heart Rate Monitor Kits and work with EMG Kits, applying concepts in real time while developing industry-ready skills.

REACH GOAL: \$800

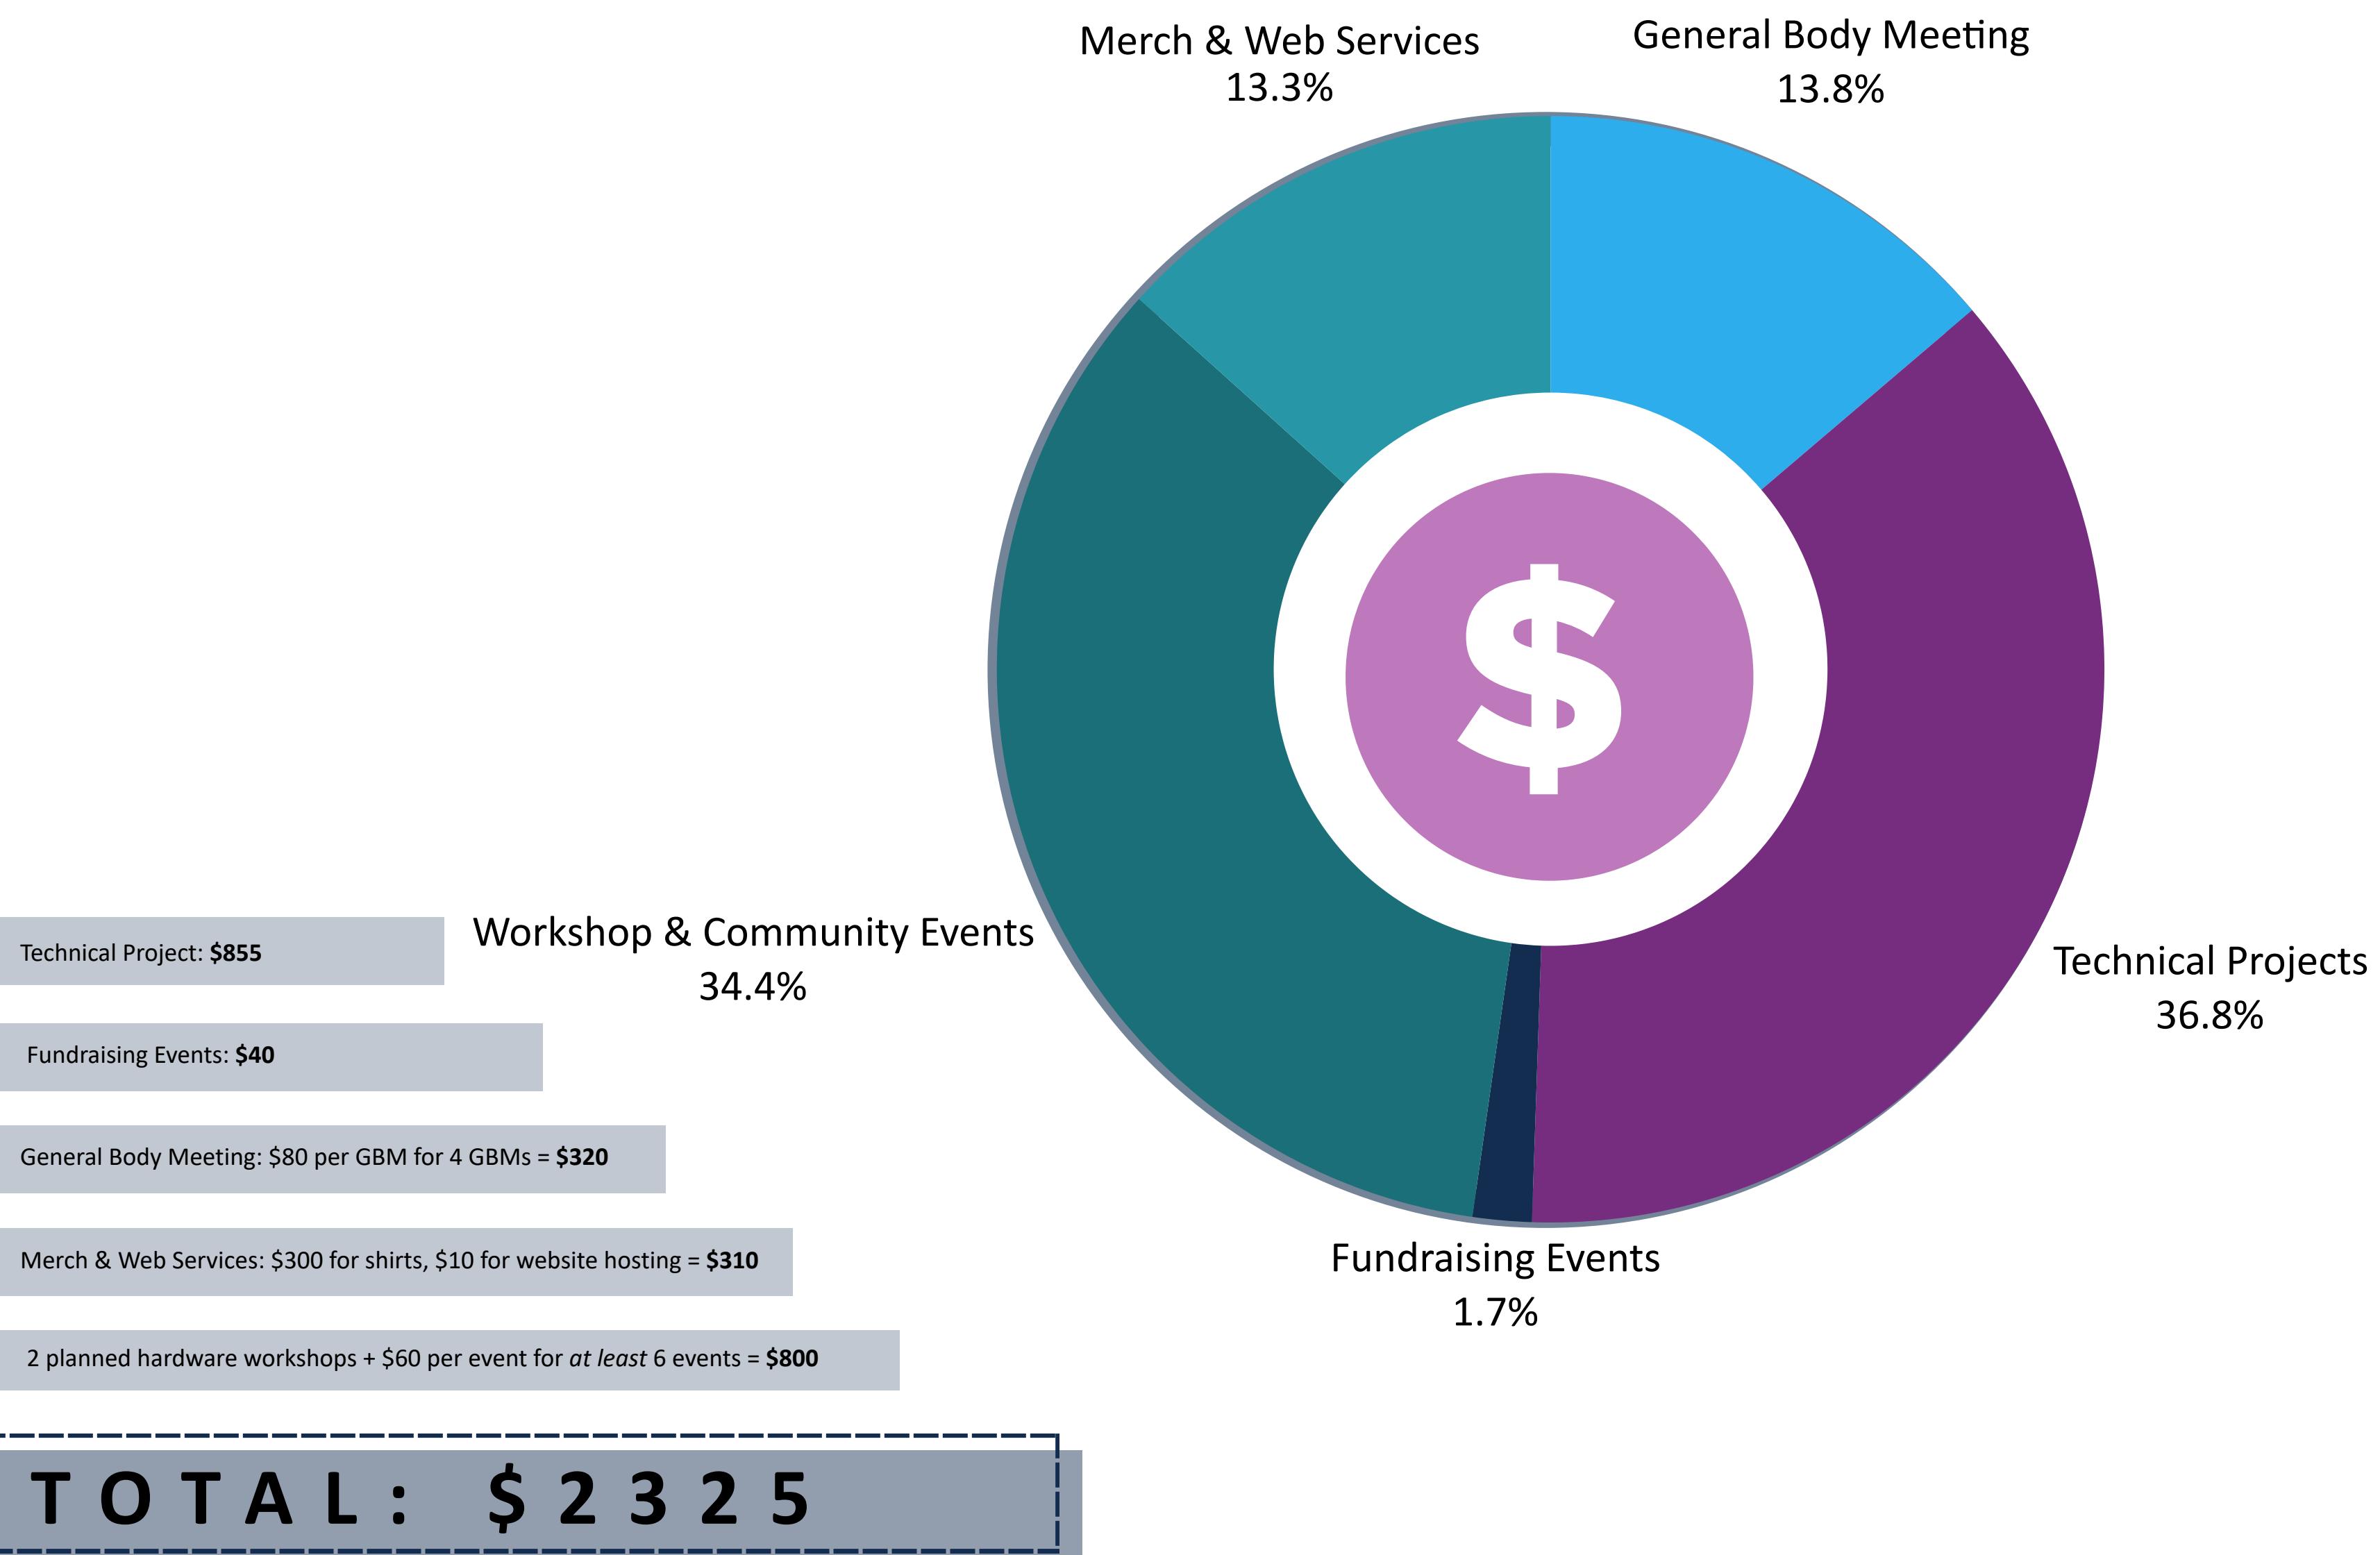

FUNDRAISING EVENTS

From Pickleball Tournaments and Bake Sales to “Pie-A-Chair,” our events raise funds for both our organization and charitable causes. We also partner with groups like Habitat for Humanity and Bread of the Mighty to support the community.

REACH GOAL: \$50

Essential Costs Breakdown

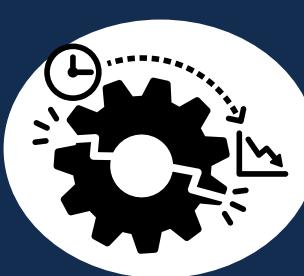

Resources Request

Supports snacks and meals for general body meetings, end-of-year showcases, fundraising, and community events

Food

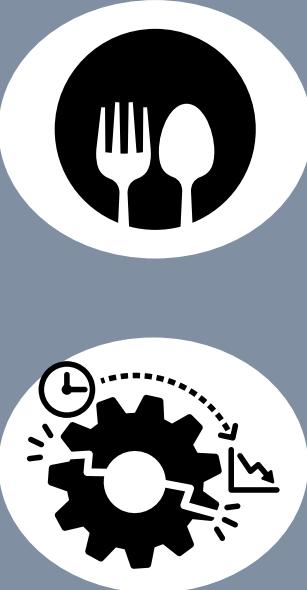

Materials & Supplies

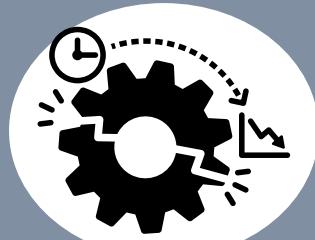

Covers essential resources for technical projects, merchandise creation, promotional materials, and website upkeep

Fundraising Events

Sponsorship Levels

Includes everything from Tier 2, plus:

- Logo prominently displayed on all event flyers and website banner
- Dedicated social media post + LinkedIn feature
- Opportunity to host a speaker session or workshop
- Custom recruiting event (optional)

Includes everything from Tier 3, plus:

- Logo on flyers
- Social media shoutouts
- Mention in newsletter and LinkedIn recap posts
- Logo on club t-shirts and conference materials
- Resume book of active members provided
- Invitation to our end-of-semester showcase

Includes everything from Tier 4, plus:

- Logo on social media event posts
- Special shoutout in one newsletter/post
- Invitation to attend one workshop or project day
- Free swag (t-shirts, etc.)

- **Logo on the website sponsor page**
- **Thank-you post on Instagram**
- Option to send a **recruiting email/message** to our list

We also accept...

**In-Kind
Sponsorships**

- Equipment, hardware, or lab materials
- Software licenses or cloud credits
- Swag or catering for events
- Mentorship hours or guest speaking

BENEFITS OF SPONSORING US

- ***Boost Your Brand Visibility***

Showcase your brand and values to a fresh audience in the industry

- ***Connect with Talent***

Engage with driven students, future innovators, and professionals in engineering, research, and technology.

- ***Gain Leads & Long-Term Connections***

Meet motivated students and faculty, fostering connections that can grow into future internships, research partnerships, and career placements.

Please scan the above QR code to access the official sponsorship form. If there are any difficulties accessing it, please contact the EMBS treasurer at kpatel13@ufl.edu.

PAYMENT

Please scan the Venmo donation QR code only after the sponsorship packet has been submitted and both parties have acknowledged the donation. Alternative donation methods (e.g. checks, cash) are welcome but must be coordinated with the Treasurer in advance.

THANK YOU!

We sincerely thank you for considering a partnership with IEEE EMBS at the University of Florida. Your support not only fuels our events, projects, and initiatives but also helps shape the careers of future leaders in biotechnology and healthcare innovation. Together, we can inspire breakthroughs that will improve lives around the world.

IF YOU HAVE ANY QUESTIONS, PLEASE REACH OUT TO OUR TREASURER, KRISH PATEL , AT KPATEL13@UFL.EDU
